2017 Fire School Report

There were 4 essentials programs provided in the spring of the year, approximately 75 students successfully completing the program.

The Cambria County Weekend program was a successful venture, there were 44 programs offered over the three weekends, Due to lack of enrollment 10 classes were cancelled. There were 644 students that completed the programs. In Conjunction with Norfolk Southern, the education training was brought into the Cresson Railroad yard. The programs they offered dealt with railroad safety and haz-mat responses; unfortunately the programs were not attended to the degree the committee was hoping.

Would like to thank all the volunteers that worked behind the scenes to make the fire school a success. These are the people that ensure all the instructors have the proper equipment necessary to complete their classes. Their dedication is a key to a successful fire school.

During the spring of 2017 there were 4 Hazardous Material Operation Annual refresher programs offered in the county at no charge, but the cost was paid for by the county fireman’s association.

Date of 2018 Fire school are:

Weekend 1: April 6, 7, & 8, 2018
Weekend 2: April 13, 14, & 15, 2018
Weekend 3: April 28 &29, 2018

Anyone having ideas for a program they would like to see conducted during the training weekends please tell a member of the committee or email me.

Sincerely

Joseph Adams
