Fire School Training Report

The Cambria County Regional Firefighters Association sponsored 3 Essential Programs, these programs started the second weekend of January and continued through May. These programs were a huge success and put trained Firefighters on the street throughout Cambria, Indiana and Blair Counties.

The "Leadership Academy" was offered again this year. It comprised of 16 individual classes all done via Zoom. Saint Francis University was key in supporting these programs. More than 250 students took advantage of these programs with a large majority completing all 16 programs.

The annual County Fire School was scaled down, due to COVID restriction. The Association offered classes the first three weekends of April with all classes held at the Fire School Site.

The Training Committee along with the Site Committee worked together to open the Fire School Site in the evenings, during the week, for department training. Several Fire Dept's took advantage and held dept training nights and formal training at the site. This was possible thanks to the Cambria County Commissioners who provided funding to support this training.

A special thanks to the Training Committee, the Site Committee, the Officers of the Association, Cambria County Commissioners and all the others who continue to support training in Cambria County.

Respectfully,

Jim McCann, Chairman

Fire School Training Committee
